

BECOMING GOD

*On a pinnacle of light
In the midst of darkness
It's not in place or time
In it I am and me in it
'Twas there I became.*

*It was clear as a bell
Sounding in the dawn
As frightening as frozen life
Standing as beacon
For the mind to become.*

*It happened in God
Or God became man.
To be humble then
Is life's awe filled task.*
